

How to Prepare Your Paper for ICEP

Proceedings

The proceedings of ICEP is published only in CD-ROM.

Number of pages

4 to 6 (max.) including figures and photographs.

Layout

See sample. Use A4 size paper. Allowances are 3.5 cm above and 2.3 cm left. Text part is 2 columns as shown, excepting for the title, author(s), company name(s), address(s) and abstract. Printed area is 16.3 cm in width and 23 cm in heights as shown in the sample.

Letter font

You can use any font types. 9 to 11 points are recommended. Actual size is varied depending on the font.

These are 10 point Times New Roman letters.

These are 10 point Arial letters.

Title

Title should be printed larger size and capital letters are used at the first letter of each word except for conjunctions and prepositions and articles as shown in the sample. Also title should be printed in **bold type**.

Abbreviations

The full spelling should be shown for abbreviations (in parenthesis) when they appear first in your paper.

Trade name and logotype

They shouldn't be used to avoid causing confusion for the audience especially when they are used in the title.

Citation

Superscript number is put at the cited words and the cited articles are described as follows.
